# RE9804FV

## Essential Series

The EDLA-certified RE9804FV seamlessly integrates Google services with BenQ's reliable hardware and software. Easily access every Google and Microsoft app you need for corporate collaborations through the Google Play Store to enhance productivity.

Leading in sustainability, the RE9804FV has the **best power consumption performance** among ENERGY STAR®-certified devices, making it the top choice for energy efficiency. Remotely apply sleep mode policies, set power schedules, and monitor power consumption using DMS and meet the sustainability goals of your organisation.

The RE9804FV offers holistic **data privacy and security** features to protect your organisation against potential threats. It includes secure login options, access controls, regular system updates, and built-in measures like Google Play Protect and Safe Browsing.

**Eye care technologies**, including the RE04's low blue light filter and flicker-free screen, help reduce eye strain during consecutively scheduled meetings, while its anti-glare 4K screen ensures clear images every time.
